Dear Sara,

"This is really a great place. I love hearing all the laughter in this building. To me that's a really positive sign. You don't find that in a lot of agencies. The seniors are happy and the staff is happy too." A volunteer recently shared these sentiments with us about Community Thread. It warmed our hearts because this is exactly what we strive to do – provide a happy, positive place for people.

Community Thread is different things to different people. One of our main goals, however, is to provide support, encouragement, and connections to services and resources that help seniors maintain comfortable and engaged lives. Here is just a sample of what is offered at our Stillwater and Bayport Senior Centers:

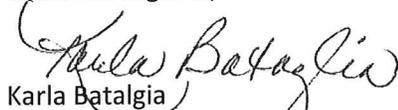

- Programs to promote wellness for mind, body and spirit, including cooking and aerobic classes
- Current and relevant information on special services for seniors, including Health Insurance Counseling and resource fairs highlighting options for Transportation, In Home Care and Senior Housing
- AARP Smart Driver classes and Tax Assistance
- Social and recreational activities including holiday gatherings, cards, games, and opportunities to learn together and have fun
- Volunteer opportunities including intergenerational programs, special events, office support, and service projects

We rely on financial support from the community to provide quality programming designed just for seniors. **Please make a donation today to support local seniors as they live engaged and active lives in our community.**

Whether you are a senior yourself or just want to be kept informed of our senior programs, we invite you to return the enclosed **Interest Form** so we can stay in touch with you throughout the year. Or if you know someone who you think would be interested, please pass the form on to them.

Thank you for your support of Community Thread and our senior programs.

Warmest regards,

Karla Batalgia
